Budgeting (30 minutes) Would you like to feel more confident in how to make the most of your money by budgeting? One of the key ways to take control and manage your financial health is through creating a budget. Budgeting can help you to create a spending plan for your money so that it can work harder for you and help you stay on track to reaching your financial goals.	Click here to watch >
Starting to Save (30 minutes) Knowing where to start when you want to save money can feel daunting, but it doesn't need to be. With a few small changes to the way you manage your money, you can create a clear path forward to get where you want to be. It is important to look at your goals, consider inflation within your plans, and know the different options available to you.	Click here to watch >
Managing Debt (30 minutes) Would you like to find out more on managing debt to help you stay financially fit? Dealing with money issues can sometimes be off-putting, feel overwhelming and if you don't know how and where to get support, you could end up losing out financially. This presentation signposts support services and information to help you keep on track.	Click here to watch >
Beginners Guide to Investing (30 minutes) Before you invest your money, it's important to invest your time into learning the basics and understanding the risks. Our session helps you navigate the world of investing, from investment advice and considerations to risk appetite and market volatility. Remember, the value of investments can go down as well as up, so you may not get back what you invest. Capital at Risk.	Click here to watch >
